Dear Ms. Dortch:

On Thursday April 12, 2007, I met with Commissioner Michael Copps and his Wireless and International Legal Advisor, Bruce Gottlieb, to discuss issues in the 700 MHz proceedings. Specifically, I discussed my recent paper entitled "Principles for Enhancing Public Safety Telecommunications Capabilities" and the principles and specific criteria that Congress and the FCC can use to evaluate proposals for public safety spectrum allocations.

A copy of this letter is being filed via ECFS with your office, pursuant to Section 1.1206 of the Commission's rules. Should you have any questions, please do not hesitate to contact the undersigned.

Sincerely,
